PROJECTS

Go-Kart — Design & Simulation Team

- Executed full-scale chassis modeling and mechanical component assembly, leading to an **Overall Static Award** and **Best Driver** recognition.
- Optimized handling characteristics by conducting advanced vehicle dynamics simulations using Modelon Impact.

Off-Road Baja (SAE India) — Subsystem Design Lead

- Designed critical subsystems including suspension layouts and chassis geometry to withstand extreme off-road conditions.
- Spearheaded the rapid fabrication of both E-Baja and M-Baja vehicles, delivering competition-ready prototypes in just **13 days**.

Electric Four-Wheeler (SAE India) — Design & Presentation Lead

- Engineered a complete 3D vehicle assembly within a **₹1.5 Lakhs budget**, utilizing SolidWorks to balance aesthetic design with structural integrity.
- Validated chassis performance through preliminary ANSYS structural analysis, ensuring safety and performance standards for national competition.

Automatic Road Cone Machine — Project Lead

- Designed and engineered an automated system for placing and retrieving traffic cones on bypass roads to enhance worker safety and traffic flow.
- Managed the design-to-prototype lifecycle, focusing on mechanical automation and robust structural design for outdoor urban environments.

EDUCATION

Knowledge Institute of Technology (KIOT), Salem

B.E. Mechanical Engineering | CGPA: 7.25 | 2023–Present

Jothi Matriculation Hr. Sec. School, Ammapet

Higher Secondary (Maths & Computer Science) | 2023

SKILLS

Design: SolidWorks (Expert), CATIA V5, AutoCAD, 3D Assembly
Simulation: Modelon Impact (Vehicle Dynamics), ANSYS Static Structural
Technical: GD&T, Engineering Graphics, Machine Element Design

AWARDS

SAE India: Overall 3rd Prize (Electric 4W Challenge) – ₹25,000

Go-Kart Championship: Static Award & Endurance Runner-Up

Best Innovation: Mega Karting Championship (SRIT)

EVENT PARTICIPATION

- Academy of Indigenous Motor Sports (S5)
- Hindustan Formula Karting Championship (S5)
- Electric Four-Wheeler Design Challenge (S3)
- Vehicle Subsystem Design Workshop
- Mega Karting Championship
- Engine Karting Vehicle Championship (S3)
- Baja SAE India Southern Section (S1)
- SAE Tire Event (CAD)
- Paper Presentations
